“The Optic Garden”

School: **Washtenaw International High School**
Ypsilanti
Teacher: **Tammy Church**

Mentor: **Bryan Young**

Design Concept:

Our product is the Optic Garden. It's a mobile garden that utilizes an integrated system to care for the garden. It moves on specific routes via BlueTooth, and is essentially a community garden that is more accessible. It also has an app that tracks the carts and includes healthy recipes.

optic garden

The Optic Garden is an easily accessible mobile community garden that utilizes an integrated system to care for the garden and moves on specific routes via Bluetooth. It also has an app that tracks the carts and includes healthy recipes.

Dark wood frame gives sleek and modern look,

Eco-friendly, powered by solar panels.

Plexi-glass walls allows children to see their food grow.
